Look at every page and read the questions carefully.

This multi media test has 30 questions. You have 45 minutes to complete the test. If you are ready wait silently until the 45 minutes are over.

Each question is multiple-choice. Choose A, B, C or D. Only one answer is correct.
Some questions contain a short video clip (indicated with 🎥). Click inside the video frame to start it.

Mark your choice on the Answer Sheet by making a circle around the letter that you want to select. If you make a mistake cross out the selected letter and circle a new choice.

For navigation it is best to use the arrows ↑ ✿ ✿ on the keyboard to move to the next page. Do not click on the escape button, as that ends the presentation.

Good luck!
Based on the information in this picture, in which direction away from Amsterdam was this plane flying?

A. North  
B. South  
C. East  
D. West
Where was this picture taken?

A. 35° S in Africa
B. 35° S in Australia
C. 60° S in South America
D. 60° N in Europe
The map shows worldwide production of

A. Grapes  
B. Wheat  
C. Rice  
D. Cotton
What is the main rock of this landform?

A. Basalt
B. Tuff
C. Limestone
D. Granite
Which of the figures explains the phenomenon of clouds in the mountains as shown on the photograph?

A, B, C or D?
Which two islands are main areas of cultivation for the depicted crop:

A. Sri Lanka and Java
B. Midway and Mauritius
C. The Azores and Sumatra
D. Hokkaido and New Guinea
The picture shows Yverdon-les-Bains in Switzerland (46° 46.71’ N and 6° 38.45’E). It was taken on 21\textsuperscript{th} March 2012. In which direction is the cyclist heading?

A. ESE
B. WNW
C. ENE
D. WSW
With what stage of the demographic transition does this population histogram correspond?

A. Stage 1
B. Stage 2
C. Stage 3
D. Stage 4
We leave Sydney in the indicated direction. Which city will we reach after 32.200 km:

A. Singapore  
B. Paris  
C. Tokyo  
D. New York
The photo shows a building in Jakarta constructed by the Dutch. Remnants from colonial times can still be seen in many countries. For which country is this not true?
